4. FIRST AID MEASURES

Skin contact	Wash or flush skin immediately and thoroughly with soap and water, If irritation develops, seek medical attention
Eye contact	Flush for 15 minutes thoroughly with plenty of water; seek medical attention
Ingestion	If ingested contact a physician; do not give anything by mouth to an unconscious person. Transport to nearest medical facility for additional treatment. Do not induce vomiting.
Inhalation	Move to fresh air. If breathing becomes difficult, seek medical aid.
Notes to physician	Treat symptomatically

5. FIRE-FIGHTING MEASURES

In the event of fire, responders should follow appropriate protective measures to prevent skin contact and inhalation.

Suitable extinguishing media

Dry chemical, foam or other appropriate extinguishing media. Water may be ineffective.

Special protective equipment for firefighters

Wear self-contained breathing apparatus and protective equipment as appropriate for fire response activities.

Special Considerations:

Highly flammable. Material can burn with an invisible flame.

6. ACCIDENTAL RELEASE MEASURES

Observe all relevant local and international regulations. Avoid contact with spilled or released material.

Personal precautions

In the event of a spill or leak, use personal protective equipment to minimize contact with skin.

Keep away from heat, sparks and open flame.

Provide sufficient ventilation

Methods for cleaning up

Clean up spill immediately using an inert absorbent material; dispose of according to applicable local, regional, or federal regulations.

7. HANDLING AND STORAGE

Handling

Avoid dust formation; avoid contact with skin and eyes. Avoid breathing vapor; avoid contact with eyes, skin and clothing. Keep away from ignition sources, use only electrically grounded handling equipment and ensure adequate ventilation/fume exhaust hoods. Do not eat, drink or smoke while handling.

Storage

Keep in properly labeled containers. Store in ventilated room or shade below 27°C (80°F) and away from direct sunlight. Follow all precautionary information on container label. Keep away from oxidizing agents, reducing agents, acids, alkalis, and moisture.
